condition under N. B. 2 of the schedules enclosed to the above Rate contracts is hereby modified and the modified condition will read as follows: —

"*N. B.* 2 :—For outstation deliveries freight charges will be paid extra but in no case the charges claimed under this heading should be more than what would have been admissible, if the articles had been sent through goods train".

The indentors will, therefore, make sure that freight charges allowed in the case of outside deliveries will not exceed the Railway freight normally admissible for sending the articles through goods train, before making payment towards freight charges claimed by the suppliers. These terms will apply in respect of both the rate contracts under reference.
